Whether you have just moved in or have been living in your neighborhood for a while, having a good sense of basic neighborly etiquette is essential to create a harmonious and respectful environment in your community. So here are a few reminders on how to be a good neighbor in your area.

1. Be respectful. Respect your neighbor’s personal space. Don’t be the neighborhood gossip. Gossip is negative, fill your time with more positive activities to better yourself. Mind your own business about others personal matters. Be tolerant of your neighbors personalities or lifestyle.
2. Be a good service dog/pet owner parent by always keeping them on a leash and picking up after them.
3. Follow parking guidelines. Don’t block someone else’s driveway or use another residents designated spot in an apartment complex. Don’t be “that person”. Nobody likes that person. Be mindful of speed limits and children playing.
4. Obey noise ordinance laws. If a neighbor calls or comes over and asks you to quiet down, be friendly and apologize. Then quiet down. If you have company please ask them to be respectful. Keep in mind, is not respectful to have company at all times of the night and early morning.
5. Keep open and shared spaces clean such as community room and laundry facility.

With COVID 19 a lot of us are staying home more than usual, please keep in mind your neighbors. Treat others how you would like to be treated.

ACES Middlesex County Early Head Start Partnership

Early Head Start provides child development education, parenting support and connections to community resources for pregnant women and families with a child under age three who live in Portland. They offer weekly home visits, regular socialization play groups, activities to engage families, services to enhance physical, mental and emotional health. This all can be done virtually or in person. They also help with basic needs, such as free diaper delivery, groceries, and other items. The PHA encourages you to take advantage of the great benefits they offer the community.
